

PUSH

	This questionnaire deals with the last 4 weeks. All statements are related to your skin condition. It's important for you to answer each of them spontaneously based on what you feel or perceive. If a statement doesn't correspond at all to your reality, just check "not applicable".
	Very often
	Often
	Sometimes
	Rarely
	Never
	Not applicable

Over the last 4 weeks, because of the way others look at you, did you feel that it was better to ...

	... avoid appearing in family photos for fear of ruining them
	... avoid some people
	... not use a professional for body care (hairdresser, masseur, manicure)
	... not approach other people spontaneously
	... refuse direct contact with the public
	... avoid being put in the spotlight (physically)
	... conceal/hide the visible parts of your affected skin
	... not show yourself, hide yourself

Over the last 4 weeks, because of the way others look at you, have you felt ...

	... that you have been less loved [appreciated] by your family, your friends
	... that you brought shame to your family, your relatives
	... that you were pushed away by your partner
	... that people avoided shaking your hand
	... that you have been treated differently during administrative procedures
	... that some people view you as dirty
	... that you have faced discrimination at work
	... that you have been left out by your colleagues at work
	... that people have avoided sitting next to you on public transportation, and in public places
